WHEN WILL YOU RESPOND TO AN ENVIRONMENTAL CRIME SCENE?

Pollution, or threat of pollution, to waters of the State, particularly in situations involving toxic pollutants, large volume spills, evidence of harm (e.g., dead fish or birds, restricted access based on human health concerns), and significant media and public interest

WHY WILL YOU RESPOND TO AN ENVIRONMENTAL CRIME SCENE?

To collect evidence (e.g., interview witnesses, document environmental harm) and/or to have an agency representative for interagency coordination, technical advice during cleanup, and to respond to media/public inquiries

AREA OF JURISDICTION (Physical Boundary)

The boundary between the North Coast Regional Board and the San Francisco Bay Regional Board crosses through Sonoma County and is irregular. It roughly crosses through Kenwood, Cotati, and Tomales. Detailed boundary and specific address information at http://www.waterboards.ca.gov/waterboards_map.shtml

WHO IS YOUR REGULATED COMMUNITY

We have very broad authority over anyone who pollutes or has the potential to pollute waters of the State. Here's an overview: cleanup, brownfield, and Department of Defense sites polluted from historic operations; stormwater permitted facilities (includes municipalities, construction sites, and industrial facilities); landfill and mining operations; agriculture, confined animal feeding, grazing, and winery operations; wastewater discharged from a point source (e.g., industrial process, sewage treatment); work in and adjacent to surface water (e.g., Bay dredging, sediment removal from flood control channels, vegetation removal/construction along creeks and streams, infill/dam of watershed tributaries); and spills (e.g., oil release, potable water discharge, sanitary sewer overflow, chemical spill).

WHEN WILL YOU RESPOND TO AN ENVIRONMENTAL CRIME SCENE? Our inspectors respond to a number of public health and safety situations that include complaints involving: Sonoma County Retail Food Facilities, Public Swimming Pools, Garbage and Solid Waste (Sites and Vehicles), Body Art, Storm Water (in conjunction with PRMD), Septage Vehicles, Dairies, Organized Camps, Detention Facilities, Medical Waste Sites, Monitoring Well Drilling Sites, Existing Private Water Wells associated with Retail Food Facilities and State Small Water Systems. In the situation where no other agency could respond to an imminent Public Safety Hazard Environmental Health would investigate, notify and refer the complaint to the appropriate regulatory agency for further investigation and follow up after the initial determination. Regulatory Jurisdiction: Most of the sites listed above are under regulatory permits with our Department for routine inspection and complaint investigation for permitted and unpermitted sites.

AREA OF JURISDICTION (Physical Boundary) The County of Sonoma including all of the cities within.

WHO IS YOUR REGULATED COMMUNITY The permitted establishments listed above as well as out Sonoma County residents who may be engaging in unpermitted activities

AGENCY INFORMATION

Name Sonoma County Agricultural Commission/Sealer's Office
Email sonomaaag@sonoma-county.org
Local phone Number (707) 565-2371
After hours/on-call number None

WHEN WILL YOU RESPOND TO AN ENVIRONMENTAL CRIME SCENE? Pesticide spill, drift, environmental exposure, or impact to wildlife when it involves the application or storage of a pesticide. Agricultural development projects (vineyard and orchard), vineyard erosion and sediment control ordinance (VESCO), and erosion

WHY WILL YOU RESPOND TO AN ENVIRONMENTAL CRIME SCENE?

To conduct investigation, interview witnesses, and take samples to determine if any state pesticide laws/regulations were violated, who was responsible, and serve as an advisory role for emergency response as needed.

AREA OF JURISDICTION (Physical Boundary)

County of Sonoma

WHO IS YOUR REGULATED COMMUNITY

Pesticide applicators, pesticide dealers and advisors, including pest control businesses performing structural pest control (house fumigations termites, etc.) as well as operators and businesses in agricultural settings such as farms, golf courses, cemeteries, rights of way, and landscaped area.

AGENCY INFORMATION

Name

North Coast Regional Water Quality Control Board (Region 1)

Email

northcoast@waterboards.com

Local phone Number

(707) 576-2220

After hours/on-call number

(707) 696-7179

WHEN WILL YOU RESPOND TO AN ENVIRONMENTAL CRIME SCENE?

Whenever there is a significant threat to surface water or groundwater quality.

WHY WILL YOU RESPOND TO AN ENVIRONMENTAL CRIME SCENE?

To provide guidance on the protection of water quality for human health and the environment as the State regulatory agency and to collect information for enforcement purposes.

AREA OF JURISDICTION (Physical Boundary)

All or part of 10 North Coast counties extending to the Oregon border; in Sonoma County, the jurisdiction includes nearly the entire county exclusive of Petaluma, Kenwood, and the City of Sonoma. Our region is by watershed, so in Sonoma County, any property in the Russian River watershed, Salmon Creek watershed, along Bodega Bay/Pacific Ocean, Estero Americano (Americano Creek), and Stemple Creek (Estero San Antonio).

WHO IS YOUR REGULATED COMMUNITY

Anyone who discharges water or waste that could affect water quality, especially industrial or commercial entities, federal, state, local entities.

AGENCY INFORMATION

Name Fish and Wildlife
Email kyle.hiatt@wildlife.ca.gov - inland pollution coordinator
james.jones@wildlife.ca.gov - Lt. for Sonoma Co. Wardens

Local phone Number (888) 334-2258- Cal Tip to report violations in progress.
For questions or assistance:
